THE DECEIVED

By

DR. M. DOREAL

In our present era the minds of countless thousands are directed toward the study of Metaphysics and the Occult. As a result there has arisen a horde of teachers, so-called, who play upon the credulity of the ignorant, calling themselves masters, or agents of masters. Most of these are unlearned in even the fundamentals of occult science, but using a knowledge of the psychology of the mass, have imposed a vast amount of false information and doctrines on those eager to learn how to regulate their lives in accordance with Divine Law.

Knowing the human weakness, the desire to get something for nothing, they promise wonderfull powers and contact with great masters, if the student will submit his will and mind to the self-styled agent of the master. Such surrender of will places the student in a perfect state for mass-hypnosis, which is then induced by long repetition and chanting of meaningless affirmations and decrees.

They are told that if they will only

concentrate on the higher self it will manifest in their physical bodies and all things will be theirs, by only commanding, or decreeing it to appear. This is tommy rot, a playing on human desire and weakness. Neither in the material or Spiritual realms do we get something for nothing.

God manifests in man according to one great fundamental Law, the Law of Cause and Effect. "As ye sow, so shall ye reap," and sowing consists of more than desiring or concentrating. "By their works shall ye know them," is true in the spiritual realm as in the material.

THE GREATEST GIFT

You can fetch the treasures of Solomon,
And lay them at my feet,
You can heap emeralds by the ton
Upon a golden street.
A ship of pearls from the deepest sea,
You may as well not bother,
For TRUTH is the greatest gift to me,
I thank thee our Heavenly Father.

---WANDA LOCKWOOD

IN SPRING

Now the world is rich with color--

Crimson roses climb on high,
Beds of poppies, butter yellow,
Open to a larkspur sky.

Now the meadowlarks are stitching

Wavering seams of silver song,
While the mimic-minded mocker
Like an echo trails along.

Now the world is rich with promise--

Horizon-far the plain,
Spreads itself in emerald beauty
With its pushing spears of grain.

Now the world is rich with giving---

Partnership of seed and sod;
Partnership of rain and sunshine;
Partnership of man and God.

The Brotherhood Newsletter

Dear Students and Friends:

Dr. Lyle Whitby gave the Avatar Message Sunday evening. This inspiring message was taped and will be in the mail to the many Avatar Members about the 15th or 16th of May.

Our weather has been cool and rainy. The fruit trees are beginning to bloom and the lilacs are almost in bloom. As usual this time of year, we happily welcome the carefree days of summer, after the long months of winter.

We are announcing a new department in our magazine 'Light on the Path'. Beginning with the June issue, there will be a section devoted to children. It will be known as the Children's Page and as often as possible we will have a special metaphysical lesson or story for children. The Lesson this month is taken from the first lesson in the Junior Temple Lessons. It is on "Oneness" written by Sesheta.

Many magazine subscribers have suggested that we have a question and answer department in our magazine. We agree that this would be an asset to the Magazine, and hope that eventually this can be worked out. We surely always welcome suggestions from Brotherhood Students and Magazine Subscribers also. We

are always happy to receive poems and articles for publication. Will some of you help us with the Children's Page by supplying suitable lessons and stories?

Let us remember the teachings of the Wise Men, that we grow by expressing. We make Truth a part of ourselves when we express it in living words of inspiration and wisdom. Thoughts and words are really intangible forms that have substance. They can be discerned by the opened Inner Eye.

It has been said that eventually we will discard oral speech and will communicate entirely through the thought medium. It has also been said that there is nothing secret or hidden because every thought, every word, every action of every individual is indelibly impressed and recorded. These records are always available and may be read. Again it has been said that our words and deeds go out from us but eventually they come back and we reap their harvest.

With these things in mind, let us live each moment of each day in such a way that we express the joy of existence. Let us portray the Splendor and Glory of our Inner Goodness. Let us express the beauty and rhythm that is inherent in each of us. Thus will we bring forth the Kingdom of Heaven in Earth.

In Cosmic Harmony,

Dr. W. Whitby

ARTICLE 8: We believe that each of us is a child, or Sun of God, the Divine Light. For did not Jesus say, "I am in the Father, the Father in me, and ye in me."

ARTICLE 9: We believe that the physical body is the temple of God, and will endeavor to make it a perfect channel for the illuminated soul to manifest through.

ARTICLE 10: We believe in the three-fold development of body, mind and soul, each balancing the other in perfect harmony.

ASTRO CHEMICAL ANALYSIS

By DR. M. DOREAL

This very scientific book gives the Astro-Chemical Analysis of the twelve different chemical types according to their Astrological signs. Through chemical and spectroscopic analysis, twenty-two elements are distinguishable in the human body. One hundred persons born under each sign of the Zodiac were examined in the formulation of this analysis. The Astro-Chemical Analysis is combined with a knowledge of bio-chemistry and endocrinology and definite analysis of the type.
